Fall Protection and Rescue Equipment

## Personal Protective Equipment (PPE)

**Safe is safe.**

Personal safety equipment and accessories from Lechtaler GmbH MARTIN PSA are ideally used with our fall arrest and rescue equipment (tripod, powerarm and fall arrest systems). All products offer a maximum degree of safety and comfort.

Our safety vests are multiply usable and built for intensive use and work. The combination of safety harness and protection vest is a widely accepted solution in industrial areas, in road construction and for use in manholes, shafts and canals.

**Our Highlight**  
compact  
flexible  
ultra-light

We reserve the right for technical changes. Every picture is a symbolic and no liability is taken for pictured applications. See user instruction menu! Lechtaler GmbH taking no liability for improper use and handling

### LECHTALER GMBH MARTIN PSA AND ENVIRONMENT

We follow in all our production chains ecological processes and environmentally compatible ways of production. All parts are recyclable.
